  CGPA : - 7.45

  2015-2019

About Me

Focused and passionate Java back-end developer, eager to apply the different tech stacks, like Java, spring boot, SQL and front-end technologies in real time projects and expand the boundries in terms of knowledge and skills. Special interest in accomplishing more success in back-end technologies and escalate through hard-work.

Projects

Next Java Project   ○ ⬡ heroku
October 2022
